

Wellington Station

With a bit of TLC it could look like this...

ADOPT-A-STATION

FRIENDS OF WELLINGTON STATION

Local People

Buckets of Enthusiasm

Creative & Arty

Endless Goodwill

WELLINGTON : Gateway to A Modern Market Town

Working with London Midland (or new operator in 2017) to improve the station for the community & customers

Paying for paint – LONDON MIDLAND

Paying for planting and planters – US. (Tesco Bags For Life we're through to final round – need to collect tokens – will email details) Urban Herb Garden Boxes..

- To get started - need passport size picture from all for insurance
- London Midland will pay for OUR insurance / high viz jacket & paint

OTHER Possible funding sources

www.spacehive.com – maybe for PUBLIC ART – fabulous UPLIFTING Bronze.....

WELLINGTON
Contemporary Market Town

Largest town centre market in the region
Free Parking for the town centre

Historic Market Charter established 1244
21st Century Entrepreneurs, Makers & Bakers

Pre-Loved Shopping Trails & Street Food Revival

LONDON MIDLAND 'ADOPT A STATION' scheme

Come and be part of your local railway and show your pride for your community

Adopt a Station is there to welcome and support local people, groups and businesses who would like to help enhance their local station and become a key part of the local railway

- We welcome people aged 16 years + who are able to give an hour or so of their free time voluntarily on a regular basis to their station
- There are no set hours and times we expect you to work at your station: adoption is flexible and for fitting around your other commitments
- The majority of station adoption is to support gardening projects to make stations more welcoming and environmentally-friendly, so if you have an interest in gardening that is a great start
- Station adoption is a social activity, a great way to meet new friends, and also a good way to keep fit
- Importantly, it is a way of using and sharing your skills and ideas to support and show your pride for your community
- **All adopters are provided with a health and safety briefing and high visibility gilet and as a member of the scheme are covered by London Midland's insurance**
- **All we need to enrol you is a passport-size photo of yourself for a special adopter pass card and your name, address and contact details**
- All adopted stations have a presentation of a unique station adoption plaque for display at the station, which names the relevant bodies that are supporting that adoption
- Station adoption is your opportunity to help create a truly welcoming and potentially award-winning station for you, passengers and your community

THE BUILDINGS

Occupying the buildings is another 'department' within London Midland

Negotiations underway for peppercorn rental terms for IDEAL uses.....

- Makerspace / Hackspace
 - Crafts / creatives
- Wellington Shop / Info Centre
 - Heritage Rail
 - Micro Brewery
 - Coffee Pedal Cycle

More more more..... ideas ideas ideas
